Bereavement Policy – Lincoln City FC

Lincoln City Football Club have always assisted friends and families of those who have suffered losses. It is vitally important that the Club support those who are grieving and help celebrate the lives of loved ones.

The Club receives a high amount of requests from supporters to acknowledge the passing of loved ones. We have celebrated the lives of loved ones over the tannoy and we now have the option to feature them in our match programme at the end of the calendar year.

It is always in the Clubs interest to accommodate family's requests but it is the Club's policy that minutes applause/silence and the wearing of black armbands is strictly reserved for Club Officials, Former Players and those directed by the FA/EFL.

Unfortunately, the Club is no longer able to permit the burying/scattering of ashes at Sincil Bank or any training facilities.

In order to celebrate the fallen, Lincoln City Football Club will display a list of the supporters that have lost their lives in the match programme at the final home game of each calendar year. Please send an email in to media@theredimps.com if you'd like to present your loved ones in this way.

The club also plan to introduce a Memorial Wall at Sincil Bank with remembrance plaques in the near future.

Thank you for your fantastic support!

Your City, Your Club, Imps As One.
